Capacity building and skills enhancement initiatives taken by the Institution

The institute has sophisticated, state-of-the-art computer lab, a fully networked environment, high performance servers and broadband internet access facilities. Separate language lab facilities are there for upgrading students in their communication skills. The special smart class rooms are well-lit, airy and spacious with comfortable sitting arrangements. These are equipped with audio-visual teaching aids to make the teaching-learning process more interesting and to create a visual impact in the minds of the students. The students are encouraged to interact with the teachers inside of the classrooms and outside of the classrooms to enjoy the benefits to a two-way communication. Special Yoga and meditation sessions are arranged for the students to encourage them to maintain their physical fitness. Apart from that a specialized mentoring system has been implemented in the institute since 2014 for personal counseling of the students. Faculties are appointed as mentors for a group of students for each academic year. The institute also focuses on the over all development of student and a rural health camp including female faculties and students was organized by Women Cell of this institution at Sugandha Saradamani Balika School under the flagship of UBA. Faculties had delivered lecture on personal hygiene and menstrual cycle, thus enlightening the teen age girls and the students helped organize the event

Language Lab

Good communication skills are indispensable for the success of any professional. The Language lab plays an important role in the language learning process. Innovative products such as digital multimedia control, handsets, microphone and the interactive response pad are very useful for students learning languages for communication. The electronic devices used in our laboratory will stimulate the eyes and ears of the student to acquire the language quickly and easily. The laboratory's collection is designed to assist learners in the acquisition and maintenance of oral proficiency and cultural awareness.

Yoga

Special Yoga and meditation sessions are arranged for the students to encourage them to maintain their physical fitness.

Mentoring

A robust mentoring system is developed at Bengal School of Technology and involves a monthly meeting between the faculty (Mentor) with the students. All aspects of the academic development of the students are noted and the improvement areas for each of the students are discussed.

Approximate number of students per Mentor: 20±5

Frequency of meeting: Once in a month. (30 days) A faculty member (Mentor) is assigned for a group of 20±5 students to help them to clarify their doubts and improve their technical aspects of the courses. An information database of the students is maintained by each faculty mentor for specific details like

1. Information about the student.
2. Previous Record of the student (including exams cleared)
3. Academic Performance in the college
4. Competitive Examination details
5. Co-curricular activities: The mentors meet the students periodically and review their performance in sessional examinations, class tests and other academic activities.

Computer Lab

The institute has sophisticated, state-of-the-art computer lab, a fully networked environment, high performance servers, broadband internet access facilities, the required software (licensed), the best printers, scanners, CD/DVD writers, special statistical packages, CAD/CAM workstation, decision support system and electronic database. Students are assured of more than adequate computer time, an excellent IT environment, qualified and extremely helpful staff and all the necessary software support. The students can work on their assignments, prepare their presentations, pursue computer courses, learn new languages, perfect their programming skills
